OBJECTIVE

Detail-oriented and innovative **Software Developer** with a strong foundation in **web technologies, UI/UX design, and full-stack development**. Skilled in building responsive interfaces, feature-rich applications, and scalable systems. Seeking opportunities to apply technical expertise, problem-solving abilities, and design thinking to develop impactful digital solutions.

INTERNSHIP EXPERIENCE

UI/UX Developer — Arohi Software *Nov 2024 – Jan 2025*
Assisted in **frontend development** using modern tools and frameworks. Gained experience in software development workflows, UI optimization, and agile practices. Contributed to usability improvements and wireframe-to-interface implementations.

Design Team Specialist — E-Cell MET *Aug 2024 – Oct 2025*
Designed and delivered high-impact **digital content, social media creatives, and event branding**. Improved engagement through visually consistent UI/UX frameworks for college events. Strengthened leadership, communication, and cross-team collaboration.

Design Team Lead — SACSDE MET *Oct 2024 – Sept 2025*
Led a creative team to design **UI/UX assets, branding materials, and platform visuals**. Directed end-to-end visual design pipelines, improving consistency across digital products. Guided junior designers, enhancing team productivity and creativity.

Team Web Intern — SACSD MET *Aug 2023 – July 2024*
Supported **web operations and event-related digital workflows**, including social media strategy. Improved coordination between development and design teams for timely deliveries. Contributed to execution and planning of student-led tech events.

PROJECTS

Vignahartas HK Learn & NAA Website (vignahartas.com): Designed and developed a full website with **responsive UI, SEO-friendly structure, and improved user flow**.

3D Web Experiences (HTML/CSS/JavaScript): Built interactive **3D models, animations, and web experiences** using modern styling and rendering techniques.

Vidyalaya Management System (Python + MySQL): Developed a school administration system with modules for **student records, attendance, roles, and reporting**.

AI Atlas Web Project: Led a team to build a collaborative AI-based solution with a structured website interface, showcasing teamwork and technical planning.

Games & 3D Projects: Created a **First Person Shooter game (UE5)** and multiple **3D environments, animations, and product visualizations** using industry-standard tools.

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, Python, C++

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, .NET, (Learning: Angular, Vue.js, Flutter, MERN Stack)

Databases: MySQL, MongoDB, Convex, Neon

Tools & Platforms: Autodesk Maya, Blender, 3Ds Max, Unity, Unreal Engine 5, D5 Render, Git, GitHub, Power BI

Design Tools: Figma, Canva, Adobe Photoshop, CorelDRAW, Framer

Soft Skills: Leadership, Communication, Collaboration, Adaptability, Fast Learning

CERTIFICATIONS

Product Design and Development, Business Intelligence using Power BI, Computer Graphics, Augmented Design Thinking with Human-Computer Interaction, Autodesk Maya

EXTRA-CURRICULAR ACHIEVEMENTS

Webithon Hackathon: Awarded *Best Presentation* and secured *4th Rank* for innovative website development.

Intellectual Property League Quiz: Secured *4th Rank*.

Conducted **Eco-Friendly Ganpati Idol-Making Workshops** under NSS outreach.

Participated in the **Eureka Idea Pitching Competition**, gaining hands-on exposure to entrepreneurship.

Managed multiple events under E-Cell MET and SACSD MET, demonstrating leadership and organizational coordination.

EDUCATION

Bachelor of Technology in Computer Science and Design — 2026
MET's Institute of Technology, Bhujbal Knowledge City, Nashik
GPA: 8.05

Kendriya Vidyalaya ISP, Nashik Road (CBSE)
10th: 77.5% (2020), 12th: 62% (2022)
